

What are the types of intelligence tests?

DISCLAIMER: Some videos and images in this film are for representation only.

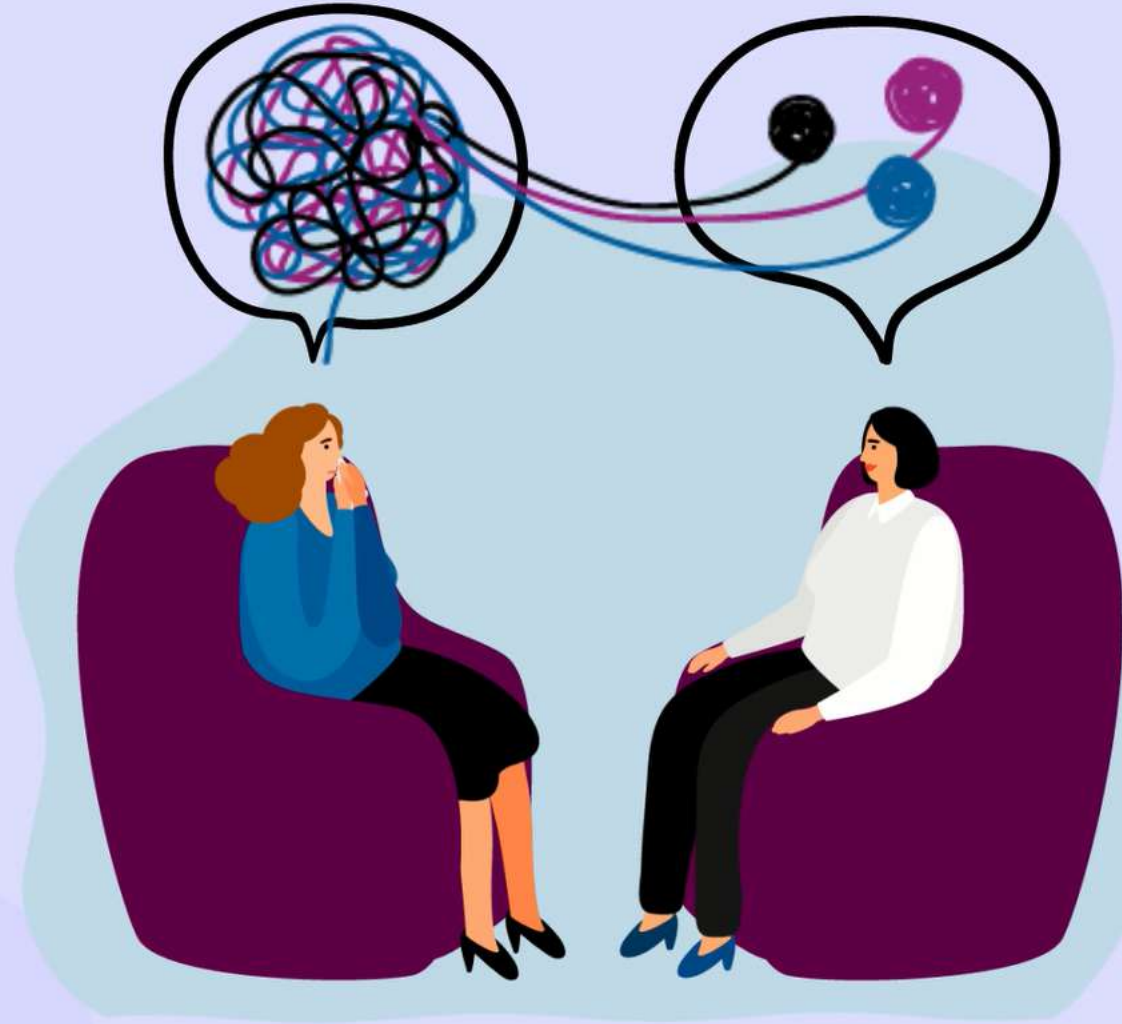

Group Tests

Individual tests are given to only one individual at a time.

Group tests are administered to multiple people at the same time.

Intelligence Tests

```
graph TD; A[Intelligence Tests] --> B[Verbal Tests]; A --> C[Non-verbal Tests]; A --> D[Performance Tests];
```

Verbal Tests

Non-verbal Tests

Performance Tests

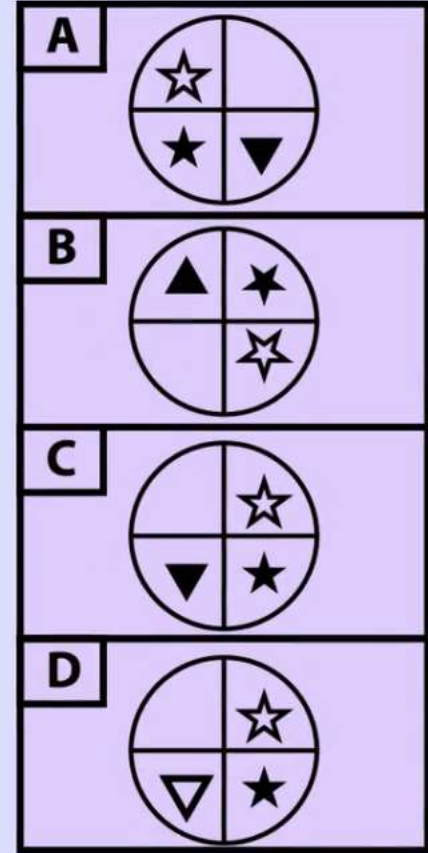

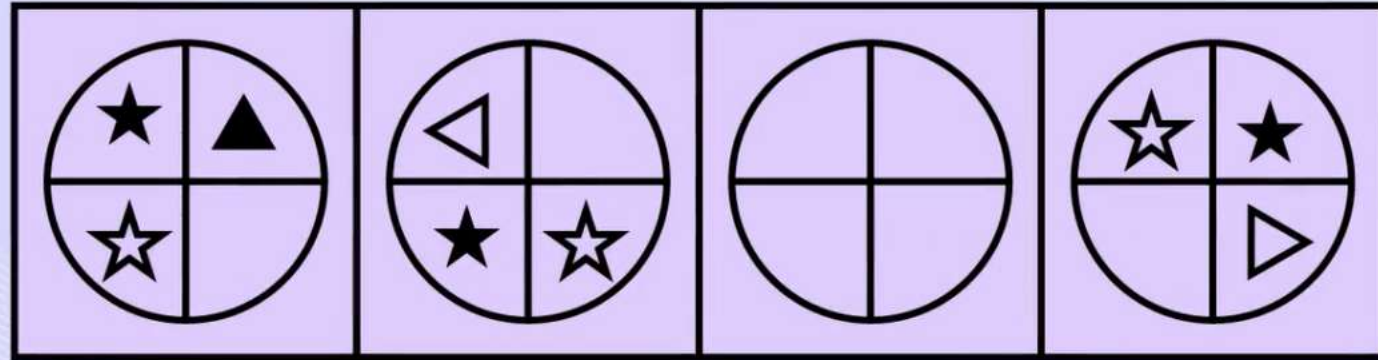

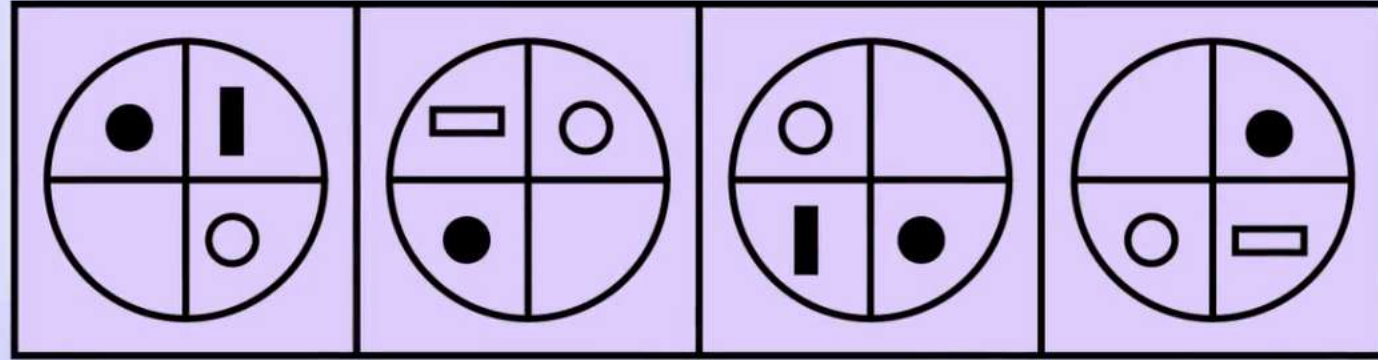

Verbal tests make use of language.

Comprehension or Vocabulary Tests

Non-verbal tests rely on pictures and symbols.

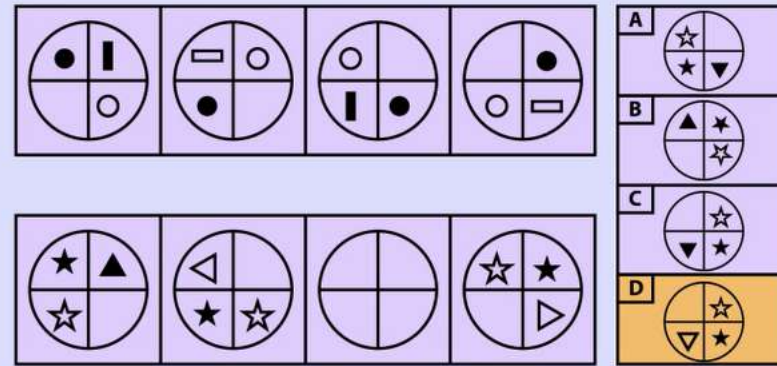

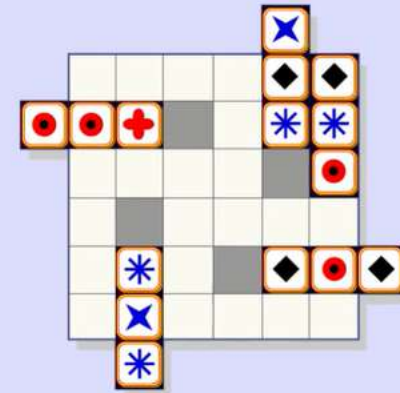

Verbal Test

Non-verbal Test

Performance Test

Culture-biased Tests

Culture-fair Tests

Culture-fair tests are universal.

Non-verbal and performance tests
are culture-fair tests.
